**SEWER SERVICE CONNECTION AFFIDAVIT**

I/we, the undersigned, being first duly sworn, depose and say that I/we have applied for a sewer service connection for (project description) \_\_\_\_\_ in accordance with the provisions of Appendix A of the Consent Decree (CASE No. 1:12-CV-24400-FAM) between the United States of America and Miami-Dade County. I/we understand and attest that we are ready, willing and able to initiate construction as required below:

1. Apply for a building permit with the appropriate building official(s) within ninety (90) days from the date of issuance of written approval of the newly authorized sewer service connection. If I/we fail to apply for a building permit as specified above, pursuant to the provisions of Appendix A of the Consent Decree (CASE No. 1:12-CV-24400-FAM) between the United States of America and Miami-Dade County the newly authorized sewer service connection shall automatically be null and void on no further force and effect.
2. Obtain the approved building permit within one hundred and eighty (180) days of having filed the application of a building permit pursuant to the current Florida Building Code or as it may be amended from time to time. If I/we fail to obtain the approved building permit as specified above, and fail to obtain an extension of time from the appropriate building official(s) the newly authorized sewer system connection and building permit approval shall automatically be null and void and of no further force and effect and
3. Commence construction of the project within one hundred eight (180) days of issuance of the building permit pursuant to the current Florida Building Code or as it may be amended from time to time. If I/we fail to commence such construction as specified above, the building permit and the newly authorized sewer system connection shall automatically be null and void and be of no further force and effect.

Once work has commenced and the permit is revoked or becomes null and void, the newly authorized sewer service connection shall automatically be null and void and be of no further force and effect. If the building permit expires the newly authorized sewer service connection shall expire within 150 days of the expiration date of the building permit.

Similarly, I/we understand and attest that we are ready, willing and able to obtain a Certificate of Use or Municipal Occupational License for any changes in a facility's use that results in an increase of wastewater flows within ninety (90) days from the date of issuance of written approval of the newly authorized sewer service connection. If I/we fail to obtain a Certificate of Use or Municipal Occupational License as specified above, the newly authorized sewer service connection automatically shall be null and void of no further force and effect.

Furthermore, I/we hereby acknowledge and recognize that the newly authorized sewer service connection does not constitute the approval of a building permit application, Certificate of Use or Municipal Occupational License by the Department, but rather only a certification that adequate capacity exists in the sanitary sewer collection, transmission, and treatment system for the proposed project in accordance with the provisions of Appendix A of the Consent Decree (CASE No. 1:12-CV-24400-FAM) between the United States of America and Miami-Dade County. I/we are hereby duly informed that the building permit application, building construction plans, Certificate of Use application, Municipal Occupational License application and/or any supporting or required documentation may require the review and approval of the Division of Environmental Resources Management in accordance with the requirements of Chapter 24 of the Miami-Dade County Code, as may be amended from time to time.
